# (A) FINANCIAL AND STEWARDSHIP INDICATORS

#### REVENUE COLLECTION KSH 110,000,000 EXCLUDING LATE

The council anticipated to collect kshs110, 000,000 excluding **LATF** funds. Only kshs 106,800,000 was collected during the financial year 2008/2009.

The council target to collect kshs 117,900,000 by enhancing revenue collection in the following areas:-

- New bus park
- New fees and charges
  - ➢ Hotel Levy,
  - ➢ Marine,
  - ➢ Gede ruins,
  - Arabuko Sokoke forest levy which has had some hindrances during 2008/2009)

#### COST REDUCTION /SAVING KSH 1MILLION

During the period ending 30<sup>th</sup> June 2009, we had targeted to reduce cost by 1million, but the council managed to save kshs.250, 000 as indicated below:

• Telephone usage control

• Computer maintenance which is now under maintenance of the council computer programmer who was hired in 2008/09.

• Street lighting cost through private partnership who will be maintaining the street lights.

Due to economic depression the council shall implement stringent measures to maintain the same target during the contracting year 2009/2010.

#### **UTILIZATION OF FUNDS ON THE PROGRAMMED ACTIVITIES – 100%**

During the yr 2008/09 the council utilized 100% on the programmed activities as per projected budget

The council intends to maintain the same target during the contract period 2009/2010 at 100% in proper utilization of the available resources.

#### **DEVELOPMENT INDEX** - 43%

This index has been developed by comparing the development expenditure against the recurrent expenditure. However during the current contracting period, the council was not able to achieve its target due to hard economic conditions but it registered 32%.

During the contract period under review we targeted 43% in anticipation that the economy shall recover and grow appropriately during the year 2009/2010.

#### **DEBT EQUITY RATIO - 17%**

During the financial year 2008/2009 the council had a debt/equity ratio of 17% as a result of a debt of kshs 30,322588 against owner's equity of kshs.179, 641,982.00.

The council targets a ratio of 18.3% during 2009/2010 period i.e. a debt of kshs. 33,000,000 against owner's equity of kshs. 179,458,422.00. This is tantamount to comparison of borrowed funds against owners equity.

# (B) <u>NON-FINANCIAL INDICATORS</u>

#### **REVIEW OF STRATEGIC PLAN**

The council will undertake t implement 100% of the intended activities in this financial year 2009/2010.

#### **<u>COMPLIANCE WITH STATEGIC PLAN – 100%</u>**

The council managed to review its strategic plan which shall be operational during the contract period 2009/2010 for a period of one year.

# **DISPOSAL OF IDLE ASSETS – 100%**

Disposal of idle assets were identified by the board of survey committee in May 2009 during its annual stock taking to update the list of inventory of assets and identify idle/unserviceable items. Since the council has stock disposal committee, it will make the necessary arrangement to dispose off the unserviceable stores 100% during the year involving the two ambulances parked at the Municipal yard.

# **ISO CERTIFICATION – 40%**

.During the contract period 2008/09, the council attained 37% with the following activities:-

- Awareness training in ISO certification
- ➢ Initial training in ISO certification

The council during contracting period 2009/10 intends to undertake the following activities:-

- Documentation
- Internal quality Audit training.

# **AVERAGE COLLECTION PERIOD – 40 DAYS**

During the contract period ending 30<sup>th</sup> June 2009 the council had targeted to reduce the average collection period from 90 to 40days. However debt collection has proved difficult due to hard economic conditions. Subsequently the council will strive to retain the same level of 40 average collection days in the 2009/2010 contract period

#### **CORRUPTION ERADICATION**

The Council has an operational corruption prevention integrity committee in place. Quarterly reports have been forwarded to the Kenya Anticorruption Commission as required. About 80% corruption eradication activities have been implemented and the council wishes to achieve the 80% target during the **FY 2009/2010** in the following areas:-

- ➢ Formulation of anti-corruption policy.
- Develop a code of conduct.
- Implement the anti-corruption plan.

The council is also a member of Kenya integrity forum.

# **PREVENTION OF HIV/AIDS INFECTION**

In the contract period ending 30<sup>th</sup> June 2009 the Council was able to implement **HIV/AIDS** prevention measures by 85% through the Aids Control Unit (ACU) ,the council was able to conduct the following:-

• Organized and conducted peer education sessions

• Organized and conducted two (2) outreaches for both Council staff and their dependants and to the general Public with an aim of reducing stigma and discrimination.

- Peer educators carried out Demonstration sessions on proper usage of condoms.
- Continuous condom distribution.

During this contract period the Council has planned to do the following;-

- Carry out counseling and testing and carry condom use promotion.
- Behavior change communication for vulnerable groups.
- Prevention of mother to Child transmission
- Behavior change among youth
- Blood safety
- Post exposure proplylaxis
- Infection safety
- Psycho-social support group establishment among the people living with HIV/AIDS
- Male circumcision

• Establish and updating institutional data base for referred cases and relevant indicators on behavior change.

#### **STATUTORY OBLIGATIONS**

During the Contract period the Council complied with statutory requirement by 75%.

The Council shall continue to observe all the statutory requirements to attain the 100% compliance as follows:-

- Signing of performance contract
- Workmen compensation
